

FY 13 Court Automation Coordinating Committee Update

Michael P. Pollard, Chair

COMMISSION ON TECHNOLOGY

June 7, 2013

Major Accomplishments of FY13

- Continued tracking tasks and dependencies among trial court projects
- Began tracking key tasks associated with PCCJC CMS replacement and Intresys contract extension related work
 - Focus is interface points and “must haves,” respectively
- Continued close watch on LJ CMS development efforts
 - Mesa continues leading LV enhancement charge (deadline approaching)
 - Same release now being pursued for AZTEC replacement
- Implemented another release of GJ AJACS statewide
- Completed statewide ADRS roll out Phase 1 (GJ courts)
 - Includes law enforcement and prosecutors

Major Accomplishments of FY13

- Completed Maricopa COSC e-Filing Foundation, vital to case initiation expansion
- Completed enhancement of probation assessment tool, AZYAS
- Completed long-running GJ AVT cleanup effort
- Continued monitoring JOLTSaz/AGAVE/CAMMS integration in Pima
 - AOC code changes and load testing
 - Pima integration testing

Major Plans for FY14

- Complete development of Limited Jurisdiction Case Management System (AZTEC-replacement system), implement pilot court(s)
- Complete AJACS enhancements for large volume courts to enable Mesa to go live before November 2013
- Complete JOLTSaz/AGAVE/CAMMS integration in Pima
- Complete AJACS interfaces to support probation and e-filing
- Expand e-filing while preparing for next contract term

Major Plans for FY14

- Track implications on trial courts of caseflow processing standards and related metrics
- Track implications on courts of ACJC Statewide eWarrant effort
- Address automation needs of judges in electronic environment with eBench pilot
- Complete population and open the door of public access to documents solution (eAccess)

Major Items for COT Consideration

- Sufficient funding for Limited Jurisdiction CMS large volume court gap closure (Mesa Initiative) items and AZTEC-replacement is Priority One
- Continued funding for priority General Jurisdiction CMS enhancements (old and new)
- Monitor Intresys enhancements during remaining contract term – invest in disaster recovery and preparations for expansion of mandatory e-filing
- Beginning of JOLTSaz rural financials development apart from AJACS integration

CACC Project Spending Priorities

1. LJ CMS Development

- Financial System Enhancements
- Mesa's Enhancements for LV Courts
- AZTEC Replacement Items

2. Continued GJ CMS Enhancements
